June 2024

We are absolutely thrilled that we received our Heart of the Community award on the 13th of June.

Our mentor Mrs Sue Davies will worked with us to captivate and elevate community engagement, supporting us to continue your journey towards quality family and community engagement. There was an entry level bronze Community Award, Silver Level Community Award and Gold Level Community Award. As a School that has maintained high standards and is consistently empowering our community we have been recognised as being a "Calon y Gymuned / Heart of the Community Ambassador School."

We are so proud to have achieved such a prestigious award that was certainly not easy to gain. A big thanks must go out to Mrs apHywel who has led this area for us and to everyone who has supported all the events and activities provided. We are so lucky to be at the heart of such a wonderful community.

Our Wonderful Mr Williams

We will be holding a concert in memory of Mr Williams at Bedwas Workmen's Hall on Thursday 4th of July at 5.50pm. The junior children will be singing in the company of various other musical acts including a male voice choir, trio of singers and saxophonist. They will also be playing a range of musical instruments and there will even be some welsh folk dancing. Tickets need to be limited due to the capacity of the hall so are sold on a first come, first served basis. Tickets are on sale from the office and are £3.50 each.

Our Value for June is... Resilience

Being resilient allows us to

- Bounce back after challenges and tough times
- Recover from setbacks
- Be empathetic and understand others feelings
- Communicate well and be problem solvers

19.07.24	Last Day of Term	Everyone

Together We Reach New Heights

You may have noticed that our school motto has changed. Staff and pupils felt that our previous motto 'Kind Hands and Clever Minds make our school' was a bit dated and did not reflect what our school is all about. The new Curriculum for Wales is underpinned by the 4 Purposes (a set of values which we aspire for each pupil to be on completion of their educational journey. The 4 Purposes at Ty'n y Wern are represented by a Red Kite Logo. The Red Kite is the national bird of Wales that has overcome adversity to avoid extinction. Pupils and staff collaborated to devise the new motto 'Together We Reach New Heights' which they feel demonstrates our ability to aim high, to always try our best and to be healthy and confident. They added the 'together' to reflect the strong connections and family feel of our school.

Together We Reach New Heights
