Ty'n Y Wern Primary School

Twitter Policy

Rationale

The rationale of this policy is to explain acceptable use of Twitter relating to the Ty'n Y Wern Primary School account known as @tynywernp for staff, children, parents and governors. The policy will therefore aim to explain the purpose of Twitter in Ty'n Y Wern Primary School and the benefits that will arise from its proper use, and also deal with any potential pitfalls.

What is Twitter?

Twitter is used primarily as a method of communication made up of 140 characters called a 'Tweet'. Tweets tend to reference people, places, and/or activities to which the said referee can respond. Tweeters either directly reference another person or broadcast information to which others can reply and respond.

Twitter users are able to follow or be followed. To follow somebody/thing ensures that all of their activity and comments appear in the followers news feed. The obvious benefit of having followers is that the information you broadcast is instantly distributed into their news feed. Users can also private message each other when they don't want conversations to appear. Ty'n Y Wern Primary will not enter into private discussions with others.

What is the primary purpose of Twitter in Ty'n Y Wern Primary school?

Twitter in Ty'n Y Wern primary school will be used principally to be followed by staff, parents and other professionals in order to advertise the excellent work by staff, children, parents and governors. It will also contain information detailing special events in school. The aim of this is to run alongside more traditional methods like sending home letters, and not to replace it. The use of images of pupils or groups of pupils no names will be included. Where parents have informed school that they do not wish their child's image to be used on the school web site and in public arenas, this will also be respected with regards to the school's Twitter feed. Parents will be given the chance to 'opt out' each school year or in-year should a child be admitted during term time. It is of paramount importance that parents inform school when there is a change of preference so that school can act accordingly.

Guidance for posting tweets:

- Where possible photos should be group shots, pupil names will not be included in posts.
- Reporting on planned events should be made retrospectively wherever possible
- Staff wishing to post should request admin rights or ask an approved person to make the post. Personal Twitter feeds should not be used or retweeted allowing others to access staff personal accounts from the school page.
- Staff will not become involved in any private discussion with other posters via direct mail facilities on Twitter.
