Seesaw

We find that Seesaw is a very effective platform for the sharing of information, however we would appreciate your help in being able to streamline this system. Please do not use Seesaw to report absences as the office staff do not have access to it – please ring the office and leave a message on 02920852528 or 02920852529. Also please do not use to send a message to the rest of the class, please use your own groups for this. Our staff are very good but please do not expect a reply outside of school hours. Thank you!

Ty'n y Wern Primary School

	Dosbarth Magpies	Mixed Infants	Mrs Lauren Tavner	Ms Cole
	Dosbarth Puffins	Mixed Juniors	Mrs Caroline apHywel	Mrs Jones

*PPA – Mrs Kellett, Mrs Hemmings & Mrs Bignell

The children will meet their new teacher and class next week. As you can see nearly all our classes are mixed year groups, this is because many year groups have more than 31 in them. Teachers in each phase will be planning together so the children will have the same experiences etc.

INSET WEEK 2026

Thank you to everyone who made the effort to complete the INSET week survey. We had 63 responses. 82.5% of parents said they would like to have another INSET week next year, 11.1% said they didn't mind and 6.3% said that they did not want to have an INSET week.

We will therefore continue with having an INSET week which will be;

Monday 1st of June 2026

Tuesday 2nd of June 2026

Wednesday 3rd of June 2026

Thursday 4th of June 2026

Friday 5th of June 2026

The sixth INSET day will be Monday 20th of July

Our Value for June is.... **RESILIENCE**

In a challenging world being resilient is so important

- It helps children to be able to problem solve and cope when things get tough.
- It allows them to adapt to change.
- When children overcome challenges, it builds their confidence.
- Resilient children see setbacks as opportunities for learning and growth and not as failures.
- Resilience can help protect from mental health challenges, such as depression and anxiety.

21.07.25	End of Summer Term	Everyone

Ntate David Ralabese has joined us on a 4 week teaching placement from Lesotho. We have all been enjoying learning more about life in Lesotho and about Lithabaneng Primary School which has 1460 pupils!. So far, Ntate has been very impressed with all the hands-on experiences that we provide for our learners and this is something that he would like to take back to Lesotho (not easy with an average class size of 65 pupils to 1 adult). We will support this venture by buying some science resources from the Mr Glyn Williams' memorial fund.

We will have a Lesotho themed School Street on Thursday 3rd July. This will be Ntate Ralabese's last day with us so please come along to support – there will be collection buckets! Children should wear something blue, white or green if possible please.
